## RUCKER WARD CLEAN UP DAREBIN COUNCIL

## darebin community network

working for a sustainable and liveable Darebin and an accountable and responsive council

## Avoid the dummy candidates.

With 17 candidates, many of them unknowns, some of them 'dummy' candidates, how can voters choose who to support?

## We believe actions speak louder than words.

Our independent scorecard is based on the <u>actions</u> of candidates not just their 150 word statement: - what they have done in council and in the community, how they have allocated their preferences, and whether they have been responsive to community groups during the election campaign. Candidates clump into **three preference swapping clusters**. See more on this on our website.

Darebin Community Network is an informal communication network linking some of the 30 community groups in Darebin. Read more and join us on Facebook and at our website: www.darebincommunitynetwork.blogspot.org.au.
